

Course Syllabus

NOTE: This syllabus is subject to change during the semester. Please check the syllabus on a regular basis for any updates.

Department : Biology
Course Title : Anatomy & Physiology II
Section Name : BIOL_2402_BWB/BW9
Start Date : 08/22/2011
End Date : 12/03/2011
Modality : Online
Credits : 4

Instructor Information:

Name : Chester P. Cooper D.C.
OC Email : ccooper@odessa.edu
OC Phone # : 432.335.6590

Course Description: BIOL2402 is the second semester of Anatomy and Physiology. This course is a continuation of BIOL2401 and assumes foundation knowledge and skills acquired therein. Students learn specific and conceptual information about the remaining seven systems of the body, cellular metabolism and fluid and electrolytes. Learners will develop a thorough understanding of the physiology of certain organ systems through the use of simulated physiology experiments. Learners will be taught anatomical structures of the seven systems presented this semester through the use of pictures and short video clips.

Prerequisites/Corequisites: The learner must pass reading on THEA or COMPASS and be eligible for Intermediate Algebra by passing math on THEA or COMPASS or by passing the developmental math sequence in order to take this course. Successful completion of HPRS1106 and BIOL2401 with a grade of 'C' or higher, (or permission from department chair) is also required for enrolment in BIOL2402. Additionally, you should not attempt to take this course online unless you are very comfortable using a computer. You are expected to have the following basic computer skills: website navigation, word-processing, send/received/save emails, organize/backup computer files, ability to view online videos/tutorials, download software, cut and paste between a word processor and email program, change subject/title of email message, compose/reply to email messages in complete sentences.

Scans: 1, 6, 9

Course Objectives:

1. Learner will be able to identify the significant anatomical structures of the following organ systems: Endocrine, Cardiovascular, Immune, Respiratory, Digestive, Urinary, and Reproductive.
2. Learner will be able to explain the physiology of the following organ systems: Endocrine, Cardiovascular, Immune, Respiratory, Digestive, Urinary, and Reproductive.
3. Learner will be able to describe how each organ system interacts with the others.
4. Learner will be able to explain how the body converts various nutrients into energy for use in the body.

5. Learner will be able to explain the regulation of the acid/base balance as well as fluid and electrolytes in the human body.

Required Course Materials: (Available as a package in the OC bookstore)

These are the same materials required in the Anatomy & Physiology I online course last semester.

Textbook: *Human Anatomy and Physiology*, 8th edition, Elaine N. Marieb

Student Access Kit: Web resources available at: www.MasteringAandP.com

ISBN of package: 0321694155

Course Requirements:

Course requirements include, but are not limited to the following: Textbook Readings, Viewing of Recorded Lectures/Demonstrations, Quizzes, Discussion Board Postings, Worksheets, Simulated Labs, Online Examinations, and Online Lab Examinations.

Students enrolled in Odessa College must use an Odessa College student email address for correspondence in online courses. See the end of this document for information on accessing your Student Email Account.

Weekly Lecture Schedule:

The following is tentative week-by-week schedule for this semester. The dates may change depending on many factors. We will begin with Chapter 16 and end with Chapter 27.

Our typical workweek will begin on Tuesday and end on Monday. Assignments for the previous week are **DUE** Monday at **8pm**.

Week 1	Aug. 22 – Aug. 29	Introduction
Week 2	Aug. 30 – Sep. 05	Module 1 – Chapter 16
Week 3	Sep. 06 – Sep. 12	Module 1 – Chapter 17
Exam 1	Sep. 16 – Sep. 19	(Chapter 16 and 17)
Week 4	Sep. 13 – Sep. 19	Module 2 – Chapter 18
Week 5	Sep. 20 – Sep. 26	Module 2 – Chapter 19
Week 6	Sep. 27 – Oct. 03	Module 2 – Chapter 20
Week 7	Oct. 04 – Oct. 10	Module 2 – Chapter 21
Week 8	Oct. 11 – Oct. 17	Module 3 – Chapter 22
Exam 2	Oct. 14 – Oct. 17	(Chapter 18, 19, 20, and 21)
Week 9	Oct. 18 – Oct. 24	Module 3 – Chapter 23
Week 10	Oct. 25 – Oct. 31	Module 3 – Chapter 24
Week 11	Nov. 01 – Nov. 07	Module 4 – Chapter 25, 26
Exam 3	Nov. 04 – Nov. 07	(Chapter 22, 23, and 24)
Week 12	Nov. 08 – Nov. 14	Module 4 – Chapter 27
Week 13	Nov. 15 – Nov. 21	Testing and preparing for final
Exam 4	Nov. 15 – Nov. 18	(Chapter 25, 26, and 27)
Week 14	Nov. 22 – Nov. 28	Thanksgiving Holiday
Week 15	Nov. 30 (W) – Dec. 01 (Th)	Final Exam

Exams: The follow list states the chapters included on each lecture examination and systems covered on the lab examinations. The exact examination dates will be announced in class at least one week prior to the test.

Module 1 Exam (Ch. 16 – Ch. 17)
Module 2 Exam (Ch. 18 – Ch. 21)
Module 3 Exam (Ch. 22 – Ch. 24)
Module 4 Exam (Ch. 25 – Ch. 27)

Lab Mid-Term Exam (Endocrine and Cardiovascular Labs)
Lab Final Exam (Respiratory, Digestive, Urinary, Fluid Balance, and Reproductive Labs)

Makeup Exams: Since technology errors do occur from time to time, you should be aware of the following policy. If your exam does not submit properly you will be given the opportunity to take a makeup exam. All makeup exams will be proctored and must be taken in a College Testing Center without the use of a book or notes. The Makeup Exam is a different exam than the normal test. Makeup exams may be essay exams. Depending on the college in your area, there may be a fee for this service. There will be no Makeup Exam provided for students that do not attempt to take an exam within the prescribed time period (usually 3 days).

Course Grade: The Course Grade will be determined by the following weighted scale: Lab Exams 10%, Homework 20%, Final Exam 30%, Lecture Exams 40%.

Percentage %	Grade
90-100	A
80-89	B
70-79	C
60-69	D
<59	F

Completed homework assignments are to be submitted to your instructor by email. Discussion questions will be completed online in the discussion area of the Blackboard website. A deduction of 15 points will be assessed for each day an assignment is late; therefore, assignments that are 3 days late will receive a maximum grade of 55%. Assignments will not be accepted after they are more than three days late. Typically students that get behind in A&P web courses have a difficult time catching up and passing the course. I don't want this to happen to you. This policy is here in order to motivate you to stay current in your course work.

This is not a self-paced course:

The course will be presented in Modules. A Module contains lecture assignments and materials to be covered during a specific period of time. For example: Module 1 is composed of assignments from Chapter 16 and 17, the first Module spans from Week 2 through Week 3. A Lecture Examination will be available the Friday after the Module closes. Example: Module 1 ends Monday, Sep. 12; therefore, the Module 1 Exam will open on Friday, Sep. 16 and be available through Monday, Sep. 19 at 8pm. The exception is the exam period for Module 4, which opens the day after we finish Chapter 27.

Announcements:

I use announcements on the homepage to communicate any needed information to the entire class. The student email account is used when communicating with individual students. If any updates are made to the syllabus, or other course materials an announcement will be posted specifying the change.

Just as your instructor is expected to reply to your messages in a timely manner, you are expected to reply to messages from your instructor. In the event that you are not replying to messages sent from the instructor - the Blackboard course would be made unavailable to you until you contact your instructor by email. Make sure to always contact your instructor if the website is unavailable to you or if you find a problem in the course.

Tutor Lab (optional): Students in the local area are encouraged to visit the tutor lab, which is called the Synapse Lab. There is no mandatory Synapse attendance for online courses. A student I.D. is required for participation in the Synapse. Synapse hours of operation are posted outside of the door at room WH 117. Please login on the computer when utilizing the lab.

Grievances: Odessa College policy suggests that student grievances first be discussed with the instructor. Unresolved issues may then be discussed with the instructor's immediate supervisor, followed by the Assistant Dean, Dean, Academic Vice-President, and finally the college President.

Academic integrity: Cheating in any form will not be tolerated. The first offense will result in a grade of zero for that assignment. Any subsequent offense will result in expulsion from the course with an "F".

Additional information:

1. Read a chapter in the textbook and take your own notes the week before each Tegrity lecture is assigned.
2. Reviewing your notes often is a great way to increase your retention.
3. Tutoring is available in the Synapse Lab and online through Smarthinking! If you are having difficulty, please seek assistance.
4. The last day to drop with a "W" is Wednesday, Nov. 9.
5. Grades will be available on Blackboard in the My Grades section.
6. Email is the primary means of communication in this course. If you find yourself on campus and need to leave a message for me, there are post-it notes in the box beside my office door. You may leave a message on my college voicemail.

Statement of Special Accommodations: Odessa College complies with Section 504 of the Vocational Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990. If you have any special needs or issues pertaining to your access to and participation in this or any other class at Odessa College, please feel free to contact me to discuss your concerns. You may also call the Office of Disability Services at 335-6861 to request assistance and accommodations.

Learning Resource Center (Library): The Library, known as the Learning Resources Center, provides research assistance via the LRC's catalog (print books, videos, e-books) and databases (journal and magazine articles). Research guides covering specific subject areas, tutorials, and the "Ask a Librarian " service provide additional help.

Student E-mail: Please access your Odessa College Student E-mail, by following the link to either set up or update your account: <http://www.odessa.edu/gmail/>. All assignments or correspondence will be submitted using your Odessa College email.

Student Portal: Please access the Odessa College Portal, by following the link: <http://www.odessa.edu/portal.htm>. The Portal is a password protected website for OC students & employees. As a student you have access to the following information: Grades, Class Registration, Class Schedules, Specific Course Information, Smarthinking Tutoring and MORE.

Technical Support: Technical Support For Blackboard username and password help and for help accessing your online course availability and student email account contact the Student Success Center at 432-335-6878 or online at https://www.odessa.edu/dept/ssc/helpdesk_form.htm.

Important School Policies: For information regarding student support services, academic dishonesty, disciplinary actions, special accommodations, or student's and instructors' right to academic freedom can be found in the Odessa College Student Handbook.
