NOTES:

- Schedule indicates traditional Sunday – Saturday week. Assignments are posted on Sundays and accepted until the next Sunday at midnight, however. See syllabus.
- Please print the syllabus and refer to it often! As you can see, the course consists of one orientation assignment, reading and Internet research, taking on - line quizzes, writing essays and participating in group discussion. See the Assignments page for more information about each of these.
- Quiz 7 is available for 2 weeks for those of you who wish to really take a break over the holiday.
- Quiz 8, Discussion 5 and Writing Assignment 6 serve as your final exam. Failure to submit ANY of them, results in failing the course!
