About Your Instructor

I earned my Associate's Degree in Nursing from Seward County Community College before returning to college to earn my BA and MA in English from UTPB. My interests are as varied as my titles, so when you want to know more about me, please be sure to ask!

Preferred Method of Communication:

(Use this section to define what method of communication you would prefer to get from students. If you want them to email you, tell them to use the email address given above. If you want them to call you, tell them to call you on your office phone during the hours you will be in your office, or your cell phone, etc.)

Expectations for Engagement for Instructor:

As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will

- provide my contact information at the beginning of the syllabus;
- respond to all messages within 24 hours if received Monday through Thursday, and within 48 hours if received Friday through Sunday; and,
- notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of during the time I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will

- post grades for discussion postings within one week of the discussion thread closing.
- provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

Textbook(s):

Quick Access Reference for Writers 7th edition by Troyka and Hesse (Pearson) ISBN: 978-0-205-90361-0

Hardware:

Computer with Microsoft Word, internet, and printer access

This course uses a computer lab, so you have access to a computer and printer during class hours. OC students also have access to computers and printers in the Student Success Center during campus hours. However, you should also have a back-up computer plan for access to another computer and printer at home, the library, or a friend's house. Computer problems will not be accepted as an excuse for lost work or failing to submit work on time.

I recommend that you purchase a USB ("thumb") drive and bring it with you to each class period so that you can save your assignments. If you do not have a USB drive, use your OC email account to email a copy of all of your work to yourself. Any work saved on a lab computer's hard drive can be deleted or changed at any time, and other students who work on that computer can have access to your work. As a general practice, always make a hard copy (print out) of your work in addition to emailing it to yourself and/or saving a copy on your USB drive.

Software:

Computer with Microsoft Word, internet, and printer access

Websites:

The Free Adobe Reader will allow you to open .pdf files: <http://get.adobe.com/reader/>

You will need Microsoft Word to complete major writing assignments. If you do not have Word, Open Office by Apache is free software that is like Word: <http://www.openoffice.org/download/>

Original Effort

The work submitted for this course must be original work prepared by the student enrolled in this course. Efforts will be recognized and graded in terms of individual participation and in terms of ability to collaborate with other students in this course.

However, you are expected to do your own work. You may receive help in revising and editing your papers, but

anything you submit with your name on it should be your own work.

All students are expected to exercise self-discipline and a respect for the rights of others at all times. Please be sure that cell phones and beepers are off or silent. Written assignments may be submitted electronically on Blackboard at the instructor's discretion. **The electronic recording of the time on Blackboard will be considered the time of assignment submission. Take necessary steps to ensure that your assignments are submitted on "Blackboard" time.** Back-up and/or additional copies of all assignments submitted is encouraged.

Computers/printers are available to OC students in the LRC (301-303); therefore, not having access to a computer due to technical issues (crash; corrupted files) will not be considered as an acceptable reason for not completing assignments. If there is a loss of server connection with Odessa College due to maintenance, then an email will be sent to students with pertinent information and status reports. Assignments submitted electronically need to be **WORD documents (doc or docx).**

Attendance Policy

Students are expected to attend class regularly. Excessive absences will be grounds for disciplinary action, and will be determined on a case-by-case basis. If you are more than 15 minutes late to class or leave class early without notifying the instructor, this will count as an absence. Students are permitted 3 excused absences. Missing 2 weeks of class time will be grounds for failure of the course.

Description of Institutional Core Objectives (ICOs)

Given the rapid evolution of necessary knowledge and skills and the need to take into account global, national, state, and local cultures, the core curriculum must ensure that students will develop the essential knowledge and skills they need to be successful in college, in a career, in their communities, and in life. Therefore, with the assistance of the Undergraduate Education Advisory Committee, the Coordinating Board has approved guidelines for a core curriculum for all undergraduate students in Texas.

Through the application and assessment of objectives within the institution's core curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning. Appropriate Odessa College faculty periodically evaluates all of the courses listed in the descriptions on the following pages of this catalog and keys them to Odessa College's Institutional Core Objectives (ICOs), as defined by the Texas Higher Education Coordinating Board (THECB). (Source: *Odessa College Catalog of Courses 2012-2013*, page 73)

Dropping a Course or Withdrawing from College

Students wishing to drop a non-developmental course may do so online using WebAdvisor, at the Wrangler Express, or Registrar's Office. A student wishing to drop a developmental course or withdraw from college should obtain a drop or withdrawal form from the Wrangler Express or the Registrar's Office. Students are encouraged to consult with instructors prior to dropping a class. Students may not completely withdraw from the college by use of the Web. Students must drop a class or withdraw from college before the official withdrawal date stated in the class schedule. Students who are part of the Armed Forces Reserves may withdraw with a full refund if the withdrawal is due to their being ordered into active duty. A copy of the student's orders must be presented to the Registrar's Office at the time of the withdrawal. For details, please contact the Office of the Registrar. **No longer attending class does not automatically constitute withdrawal from that class, nor does a student's notification to an instructor that the student wishes to be dropped. Failure of a student to complete the drop/withdrawal process will result in a grade of "F."** (Source: *Odessa College Catalog of Courses 2012-2013, page 36*)
