## About Your Instructor

*My name is Almudena Aguirre-Romero. I was born in Madrid, Spain long time ago, and I feel blessed because I have two citizenships, two cultures and two languages. I have been teaching a second language for more than 25 years, and I love it because I think that learning a second language is the best thing you can do for your brain and your personal development (it is also very good at opening possibilities for a better job, too).*

*I have two Master's degrees (one in teaching English as a Second Language and English Literature, and the other in Creative Writing and Spanish Lit) and I am doing my doctorate in Teaching Creative Writing online with the new technologies. I am also taking classes of Communication and I am really excited. As you can see, I love being in a classroom, but let me tell you, I was the worst student in the world when I was in High School (shhhhhh); somehow, later I understood that learning is fun and doesn't have to be a torture :-)*

*Other than teaching, I love singing and dancing; I do Zumba every day with my Wii (did I tell you I love computers and computer games?), a class of Country Line Dancing, and I love writing and reading.*

### Preferred Method of Communication:

*I spend a lot of time in my office, so you can call me there or send me an email; I check the college email several times a day, so I would say that you can expect an answer in less than 24 hours. Sorry, I don't have a cell phone and I am not planning to have one soon, but your emails and call are very important to me*

### Expectations for Engagement for Instructor:

As an instructor, I understand the importance of clear, timely communication with my students. In order to maintain sufficient communication, I will

- provide my contact information at the beginning of the syllabus;

- respond to all messages within 24 hours if received Monday through Thursday, and within 48 hours if received Friday through Sunday; and,
- notify students of any extended times that I will be unavailable and provide them with alternative contact information (for me or for my supervisor) in case of during the time I am unavailable.

As an instructor, I understand that my students will work to the best of their abilities to fulfill the course requirements. In order to help them in this area, I will

- provide clear information about grading policies and assignment requirements in the course syllabus, and
- communicate any changes to assignments and/or to the course calendar to students as quickly as possible.

As an instructor, I understand that I need to provide regular, timely feedback to students about their performance in the course. To keep students informed about their progress, I will

- post grades for discussion postings within one week of the discussion thread closing.
- provide grades for major assignments within 2 weeks of the due date or at least 3 days before the next major assignment is due, whichever comes first.

## **Textbook Information and Required Hardware Software**

---

### **Textbook(s):**

Students will use <https://blackboard.odessa.edu/> and <http://www.myspanishlab.com/> regularly.

Through the application and assessment of objectives within the institution's core curriculum, students will gain a foundation of knowledge of human cultures and the physical and natural world; develop principles of personal and social responsibility for living in a diverse world; and advance intellectual and practical skills that are essential for all learning. Appropriate Odessa College faculty periodically evaluates all of the courses listed in the descriptions on the following pages of this catalog and keys them to Odessa College's Institutional Core Objectives (COs), as defined by the Texas Higher Education Coordinating Board (THECB). For details, please contact the Office of the Registrar. **No longer attending class does not automatically constitute withdrawal from that class, nor does a student's notification to an instructor that the student wishes to be dropped.
